

## **SHUR-TITE® Guardrail “Flat Mount” Specification**

- 1.] The SHUR-TITE® Guardrail Mount is a field proven, impact resistant recycled composite material delineator.
- 2.] Posts are manufactured utilizing no less than 70% recycled materials.
- 3.] Bright white exterior material of post incorporates a premium UV inhibitor package to resist harmful effects of the sun.
- 4.] Bright white finish of post is extremely smooth to resist road grime and mildew. The white finish is highly visible when most needed in low-light and poor weather conditions when headlights might not be in use.
- 5.] Top of post to be permanently sealed and partially flattened, transitioning to round which affords 360 degree visibility and provides structural integrity.
- 6.] The structural integrity of the SHUR-TITE® Guardrail Mount allows it to hold up to snow plow windrows.
- 7.] The top flattened portion of round post can accommodate up to 3” x 12” sheets of reflective sheeting on both sides.
- 8.] SHUR-TITE® Products provides a Factory Representative for training on initial installations to assist DOT crews or Contractors. This training helps the DOT insure State Standards are met and manufacturer’s recommendations are abided by.
