

## **SHUR-TITE® CTB 8" "Cup Mount" Mount Delineator Specification**

**Item# - GQ8WR1**

**Item# - GQ8YR1**

- 1.] The SHUR-TITE® CTB Mount Delineator is a field proven 8" tall, impact resistant prime copolymer delineator for mounting on concrete traffic barriers.
- 2.] The bright colored material incorporates a premium UV inhibitor package to resist harmful effects of the sun.
- 3.] Exterior finish of the product is extremely smooth to resist road grime and mildew. The colored finish is highly visible when most needed in low-light and poor weather conditions when headlights might not be in use.
- 4.] The 2-3/8" outside diameter posts are sealed and flattened to accommodate up to 12 square inches of reflectivity per side.
- 5.] The structural integrity of the SHUR-TITE® CTB Mount allows it to hold up to wind, snow plow windrows and the rigors of highway use.
- 6.] The 5" diameter cup has 4 anchor points designed for attachment utilizing 1/4" tapcon screws or can be attached using a high bond strength adhesive.
- 7.] SHUR-TITE® Products provides a Factory Representative for training on initial installations to assist DOT crews or Contractors. This training helps the DOT insure State Standards are met and manufacturer's recommendations are abided by.
- 8.] Installation instructions and videos are available on our website. [www.shur-tite.com/CTB](http://www.shur-tite.com/CTB)
