- 360° post reflectivity & raised pavement.
- Premium UV added for long lasting color
- Easy bolt down design
- Quick and easy installation and post replacement.
- MASH Certified

SPECIFICATIONS

Shur-Flex® System - 3 Component Design

- The flexible square to round post is a simple one-piece, non-metallic molded design that absorbs impacts. Immediate rebound response.
- Posts are manufactured with greater wall thickness to provide structural integrity.
- Standard posts are round providing 360° degrees of reflectivity.
- All Post colors or styles are interchangeable with any product utilizing the Shur-Flex® system.
- One pin - one minute! We've made it quick and easy to install or replace a post.
- Ideal for mounting object markers and other panel products for even greater visibility.
- The Shur-Curb® base is 10" x 40" and has a low profile design.
