## SHUR-FLEX® DRIVEABLE

### FEATURES

- Utilizes the patented Shur-Flex® system
- Non-mechanical flexible design is self-righting upon impact
- Multiple reflectivity options
- Premium UV added for reliable longevity.
- Anchor is 2" x 12ga. square perforated tubing
- Quick and simple installation
- NTEP tested & MUTCD compliant

### SPECIFICATIONS

#### Shur-Flex® System - 3 Component Design

- The flexible square to round joint is a simple non-metallic molded design that withstands multiple impacts assuring a long life in corrosive environments.
- Posts are manufactured with no less than 70% recycled materials including a heavier wall thickness to provide structural integrity.
- Top of posts can be permanently sealed and partially flattened to accommodate up to a 3" x 12" piece of reflective sheeting or a round top to provide 360° degrees of reflectivity.
- One pin - one minute! We've made it quick and easy to install or replace a post.
- Most versatile system on the market today! All post colors and/or styles are interchangeable with any product utilizing the Shur-Flex® system.

#### Measurements and Specs

- Post Diameter: 2.375" OD
- Post Heights: 18" up to 72"
- Materials: HDPE plastic
