GUARDRAIL DELINEATOR "FLAT MOUNT"

FEATURES

- Enhances guardrail visibility
- Available in 19" & 33" post heights
- High-visibility reflective sheeting
- Multiple post & reflective color options
- UV-stabilized for long-lasting color
- Includes mounting hardware
- Quick, easy installation
- MUTCD compliant

SPECIFICATIONS

- Manufactured from impact-resistant recycled composite material
- Designed for mounting on guardrail posts or blockouts
- Increased wall thickness for added strength & durability
- Engineered to withstand wind & snow plow impact
- Standard posts are sealed & partially flattened for reflective sheeting application (3"x3" & up to 3"x12")
- "Shortie" design allows for safe snow plow clearance
- Installation: (2) self-tapping screws for metal posts or (2) lag screws for wood posts
