

# Cable Barrier Delineator

## “SHORTIE”

### SHUR-TITE® “Shortie” Cable Barrier Delineator Specification

- 1.] The SHUR-TITE® “Shortie” Cable Barrier Delineator Post is a field proven, impact resistant recycled composite material delineator.
- 2.] Posts are 19” tall and are manufactured utilizing no less than 70% recycled materials.
- 3.] Bright white exterior material of post incorporates a premium UV inhibitor package to resist harmful effects of the sun.
- 4.] Bright white finish of post is extremely smooth to resist road grime and mildew. The white finish is highly visible when most needed in low-light and poor weather conditions when headlights might not be in use.
- 5.] Top of post to be permanently sealed and partially flattened, transitioning to round which affords 360 degree visibility and provides structural integrity.
- 6.] The structural integrity of the SHUR-TITE® “Shortie” Cable Barrier Delineator Post allows it to hold up to snow plow windrows.
- 7.] The top flattened portion of round post can accommodate up to 3” x 6” sheets of reflective sheeting on both sides.
- 8.] Shortie cable barrier delineators are supplied with 2ea – 3/8” Beam clamps to securely fasten the posts to the cable barrier beams.
- 9.] SHUR-TITE® Products provides a Factory Representative for training on initial installations to assist DOT crews or Contractors. This training helps the DOT insure State Standards are met and manufacturer’s recommendations are abided by.
