U-FLEX® FLUSH MOUNT

FEATURES

- Utilizes the patented U-Flex® square to round design
- 360° degree reflectivity and flexibility
- Designed for: HOV, Managed Lanes, and Bike Lanes
- Standard color posts with options for other colors
- Premium UV added for extended use
- Post replaceable independent of base
- Easily removed and capped for storage in winter

SPECIFICATIONS

- The flexible square to round post is a simple one-piece, non-metallic molded design that absorbs impacts with immediate rebound response.
- Posts are manufactured with urethane for high-speed impact resistance.
- The 2.5" anchor can be installed at multiple depths by increasing the metal cup by 1.5" increments.
- A 2" cored hole is required to install into concrete or asphalt with epoxy.
- The cap is attached with our 'Shur-Weld' process that mates the cap to the post with an unsurpassed adhesion method.
